THE BEST MUSICAL EVENING I HAVE EVER ATTENDED IN MY WHOLE LIFE.

A lecture given by Dr. Lisa with Bin Hussein`s Musical Band.

Dr.Lisa Urkevich
The only person in Kuwait who makes you feel extremely proud when she explains each type of music psychologically and artistically. But the problem is that every time I attend one of her lectures, I regret not knowing her before I entered university, I feel if I had met her before, many things would have changed in my life.

An advice for music lovers...if you ever heard about any of her lectures... do not miss it...especially the next time she will be lecturing about (al baddawi) as she said.

The best thing regarding the band is their feeling about what they play... their moves... facial expressions... their energy is unbelievable...it is so hard to control yourself and keep calm and quiet without interacting with them as Ahmad Albuajan said...the one who does not interact with them is an idol. And the Nahham`s (lead singer`s) voice and songs...I was about to cry, but Thanks to God, that was only at the beginning, and then they turned it into a joyful evening when the dance started.

This old man (in the band) is my favorite...I just love him... I called him the king of joy...maybe you have seen him before on MBC and KTV evenings... but this time he was not as active as he used to be the first time I saw him.

The band`s star is (Bu Awad, Bin Hussain`s son)..When he gets in to the mood, he has certain dances that will make you laugh out loud, but he is such a sweet heart...

الإنسانة الوحيدة بالكويت اللي لما تشرح تاريخ الموسيقى الكويتية و تحلل كل نوع من أنواع العزف نفسياً و فنياً .. تخليك تشعر بالفخر و الإعتزاز بشكل صعب أوصفه . بس المشكلة كل
